New Visions Medical Careers Information for Candidates and Parents

Description:

The CV-TEC New Vision Medical Careers Program is designed as a **career immersion** program for high achieving seniors. New Visions students have the unique opportunity to receive a theoretical and practical introduction to their career field of choice.

Through academics, site visits, guest speakers, mentoring and a senior project, New Visions students work at a level that prepares them for the college environment. Students get a jump-start on their futures by developing advanced writing, communications, problem-solving skills and taking a first-hand look at a chosen career field.

Students can earn high school academic credits as well as college level credit. Those enrolled will spend one-half of the school day at their home school and the other half at the New Vision sites participating in classroom instruction and work site rotations with professionals in the field.

Qualifications for Admission:

CV-TEC will enroll seniors in the New Visions Medical Careers Program. We encourage highly motivated, adaptive, high school juniors to apply:

- Students must have a minimum of 3 years Regents Math*
 - Students must have a minimum of 3 years Regents Science* (chemistry preferred). AP, CAP or Bridge Science considered in place of chemistry if district scheduling precludes chemistry.
- (*Currently enrolled CV-TEC Allied Health students **only**: Must submit your ACT/SAT scores in lieu of meeting the Math and/or Science requirement above.)
- Students **must** have a cumulative average of 85% or higher
 - Students must have excellent communication skills such as writing, speaking, and listening.
 - Previous healthcare exposure through employment or volunteer work preferred
 - Must submit a writing sample – see attached
 - Must have 2 Teacher Evaluations and 1 Counselor Evaluation

Any questions, comments or concerns should be directed to the CV-TEC Health Careers Coordinator at 518-561-0100 Ext. 246.
